

EVERY HERO NEEDS A SQUAD

HEROES LIKE AMARI NEVER FIGHT CANCER ALONE.

Your child's school is participating in The Leukemia & Lymphoma Society's (LLS) Student Series fundraising program. Your child will be helping local cancer patients like Amari, one of our Honored Heroes, beat their disease by raising funds needed to support blood cancer research.

By collecting donations, LLS is able to find effective cancer therapies that, over the last 50 years, have increased the childhood leukemia survival rate from 3% to 90%.

LLS also provides financial support to families affected by blood cancer to help combat the high cost of cancer care.

You can help your child create their own online fundraising page:

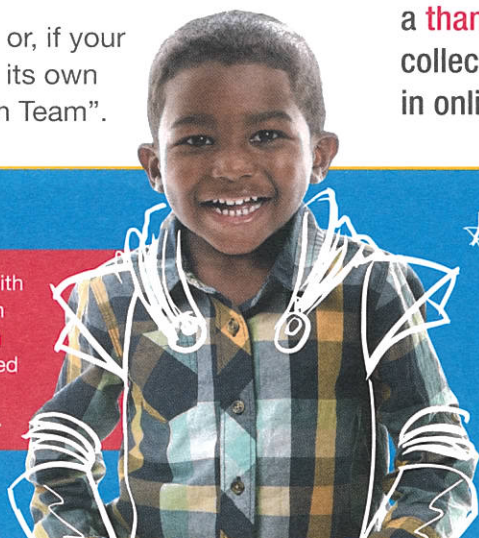

- Visit: studentseries.org/find-your-school
- Search for your child's school by entering school name, city and state and clicking FIND.
- Select your child's school from the search results.
- Select "Join a School Team" or, if your child's classroom has set up its own page, select "Join Classroom Team".

- Create a new account, or if you have ever had a fundraising page for LLS, sign in with your username and password.
- Create your child's online fundraising page.
- Once created, share the link to your child's online fundraising page with friends, family and co-workers through email and social media.

Students receive a **thank you gift** for collecting \$50 or more in online donations.

Amari's Story: Amari was diagnosed with precursor B-cell lymphoblastic leukemia in October, 2015 and is currently undergoing treatment. After his diagnosis, Amari earned the nickname "Too Tough." He is 5 years old and loves the Hulk and playing soccer.

In 2017-18, Student Series is providing schools with a grade-specific, K-5 STEM curriculum. Your child's school receives this curriculum as a thank you for participating in a Student Series program.
