

YOUNG AUTHORS CAMP

FOR STUDENTS ENTERING GRADES 3-5

Young Authors provides opportunities for writers to keep their skills sharp this summer whether they are passionate about writing or simply want to improve their skills before September comes.

Campers will experiment with a variety of writing techniques as they explore narrative, informational and opinion writing in a relaxed atmosphere. Our young authors will engage in writing activities and games designed to stimulate their imaginations and teach them effective writing strategies. They will compose, revise and publish their own work under the direction of Glen Rock elementary teacher Carolyn Helmig. Children of all skill levels are welcome!
